

Gordon County Public Works Department

Commercial / Residential Driveway Permit

ATTENTION:

- ****The installation of the Driveway / Culvert must be done by a licensed contractor and adhere to the installation of Gordon County ULDC guidelines.**
- ****Once the construction entrances are installed, it is the Permit Holder / Contractor responsibility to keep debris from tracking or washing out into the roadway.**
- ****After installation the Permit Holder or Contractor must contact the Gordon County Public Works Department for final inspection prior to business opening or within seven business days for residential.**
- ****Any deficiencies noted by the County must be resolved immediately at the installer's expense.**
